

Make a Difference

In brief ...

Delstree lets you make a difference in your given market place.

Clever 3rd party integration makes it easy and seamless to talk to Sage, external warehouse systems and web sites.

Don't limit your business processes because "The computer says No".

Key Features

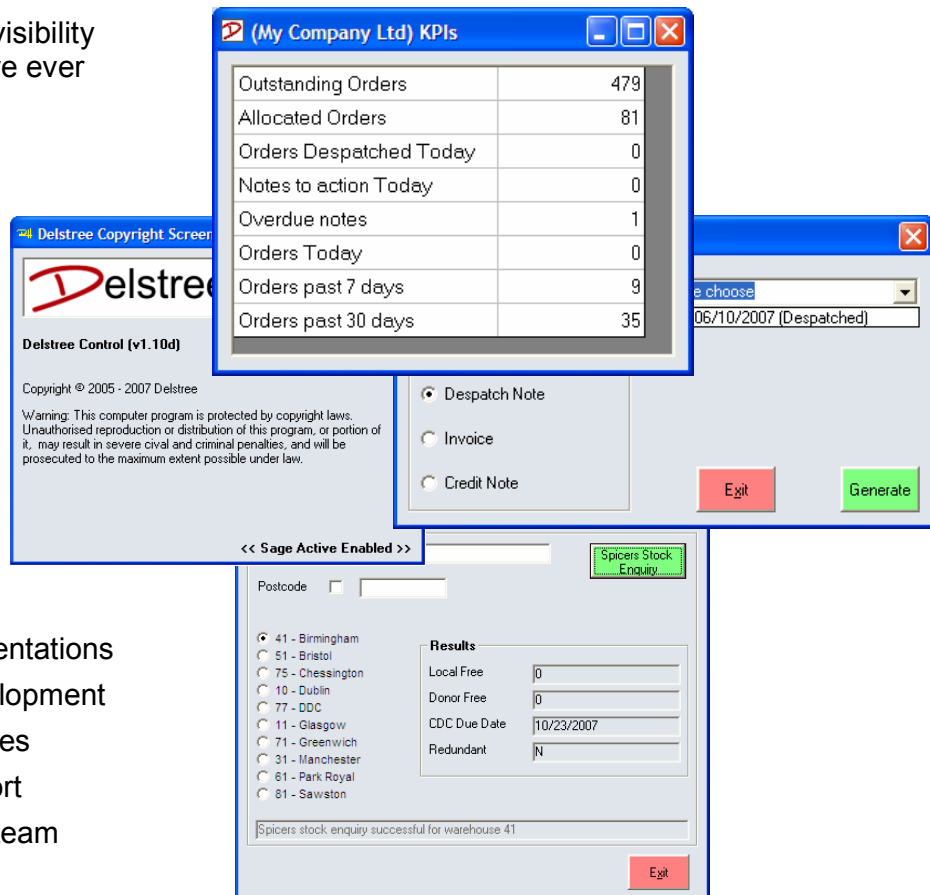

- Management KPI monitor
- Real time Sage integration
- Combined MOTO and web merchant processing
- Talk directly to Spicers warehouses to check on stock
- Easy Excel reporting
- Raise quotes, amend orders and process returns in a single screen

Benefits

- Have a handle on day-to-day operations with summary updates every minute
- Delstree helps you comply with the Distance Selling Regulations
- Operate remote operations easily, whether home users or remote warehouses
- We listen to you and try not to force processes on you

“ Delstree gives us more visibility of our supply depots than we ever thought possible ”

Nigel Eastwood,
Director,
Desk Write

- Fully managed implementations
- Continual product development
- Future proof technologies
- Great after-sales support
- Be a part of a growing team
